

Dear Parent/Carer,

We hope that your child has had an enjoyable start to Year Five and Six.

The Humanities topic for this term is based on the Tudor Years and will involve studying the importance of the period in British and World History. In addition to the study of History, the children will be working in Art, Design and Technology and Music.

On Wednesday 28th September we have arranged a visit from “Timezone”; an educational theatre group who will help the children recreate the life of a typical Tudor child. When they last visited we all dressed in costume and had a very entertaining and educationally rich day.

The cost per pupil for “Timezone” will be £5.00; although this is a voluntary contribution we would be unable to fund any similar events in the future if there was a substantial shortfall in contributions.

With regard to future planned trips over the course of this Academic Year: we are hoping to organise a day at Birches Valley Forestry Centre next term, last year this cost £8.00 per child. In addition to this, we hope to arrange a Residential Visit for Year Six to Standon Bowers in the Summer Term, last year the cost of this was £101.

We hope that this advance information will help in your financial planning for the forthcoming year,

Yours sincerely,

✂-----

I enclose a contribution of £5.00 to cover the cost of the Timezone performance.
